

The background is a dark navy blue. It features several thin, gold-colored lines that form abstract, angular shapes. These lines extend from the edges of the frame towards the center, where they meet a large, gold-outlined rectangle. The lines vary in length and orientation, creating a sense of dynamic movement and depth.

FilteredMeet

PROPOSAL

Anita, Jessie, Erica, Isabel, Zoe

TABLE OF CONTENTS

1. INTRO

Explanation of current status quo of the topic.

2. GENDER PROBLEM

Identification of the issue represented in the topic.

3. STRATEGY + ANALYSIS

Innovation to resolve issue.
Analysis of profits and cost.

4. TARGET AUDIENCE

Identification of key demographics and traits..

5. MARKETING STRATEGY

What are ways to reveal and advertise our project?

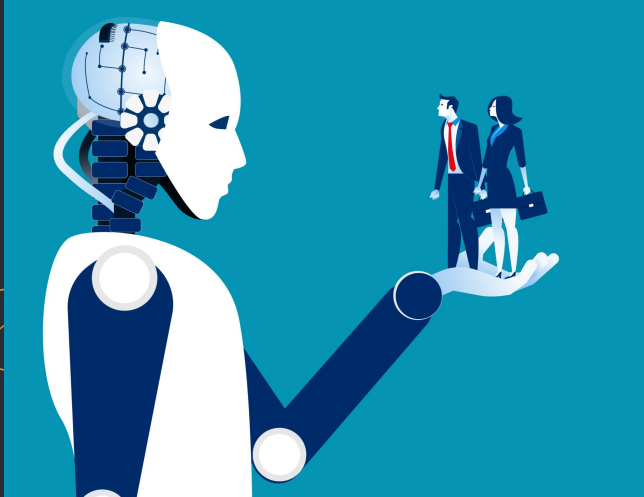

6. REFLECTION

What was accomplished?
What hasn't been resolved?

Gender Inequality

Gender Inequality

- moral and ethics

Loss talent

- only opening up to half of the talent pool

- AI → used to hire people
- “training data, machine learning, and natural language” in an attempt to “understand human patterns

The background features a dark navy blue color with several thin, light gold lines that create abstract geometric shapes, including triangles and polygons, scattered across the frame.

- \$28 Trillion

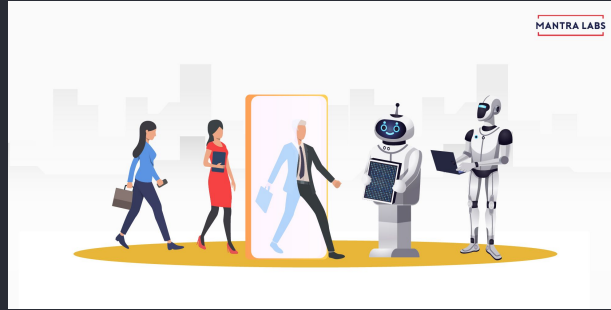

To the Global Economy because women are underrepresented

GENDER PROBLEM in RECRUITING PROCESSES

1.

CV Screening

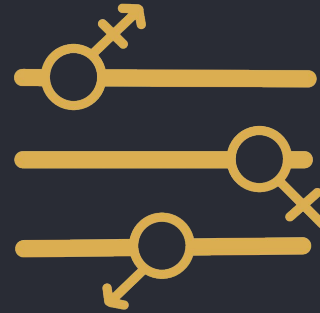

2.

Interview

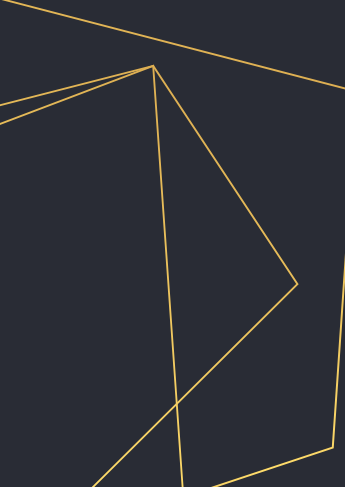

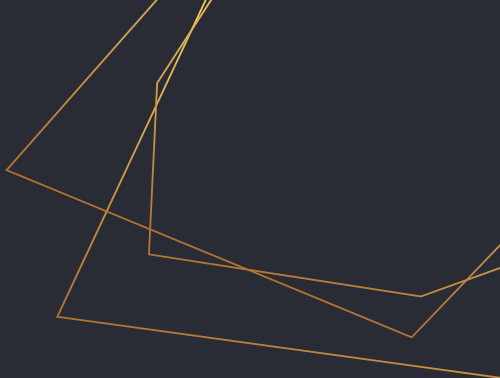

Our Company

- To solve: gender Biases in recruiting processes
- Filtered = AI processes
- Meet

FilteredMeet

3

STRATEGY

How to potentially resolve our
identified gender issue?

Ways of Interview

1. AI interview

- Basic skill assessment
- Conducted by our AI
- Service for derivative project

2. Official Interviews

- Conducted by companies
- May be combined with AI interview

3. Further interviews if needed

STRATEGY

AI Filter APP

- a. Facial feature alteration
- b. Voice standardization
- c. Retains expressions/gestures

privately-conducted interviews

AI Interviewer

- a. Diverse data set training
- b. Genderless voice
- c. Gender-neutral algorithm (eliminates questions)

service projects,
willing companies

Payment System

- a. Free Plan
- b. Plan S
- c. Plan L
- d. Unlimited

different functions
and prices

TIMELINE: STAGES OF PROJECT

IS: 1st month

Start from one influential company and few smaller ones.

IS: 3rd month

Spreading stage of the IS. Increase of L and S companies.

Impact Stage

Service projects in different places. Make impact.

IS: 2nd month

Exposure stage of the IS. Mostly S companies.

GS: 4th-6th month

More companies start adopting to follow majority.

IS = Initial Stage
GS = Growing Stage

4

TARGET AUDIENCE

Who do we appeal to?
What characteristics do they have?

DEMOGRAPHIC

- Companies that utilize online platforms in interviews
- Companies that provide online platforms for interviews

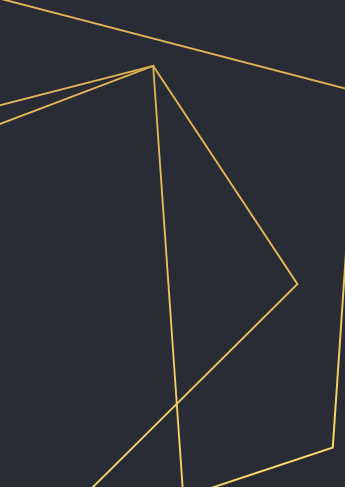

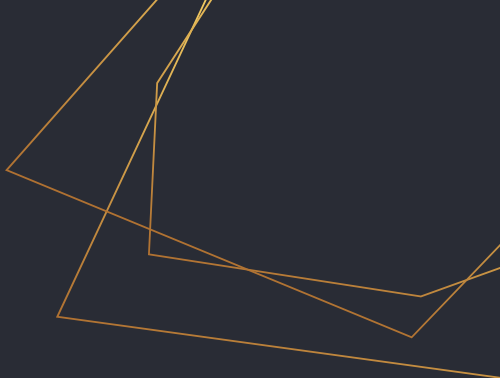

PSYCHOGRAPHIC

- Interested in gender neutral AI recruitment tool
- Open-minded to new technology

CHALLENGES

- Extreme gender bias environments
- Faced denouncement for having gender bias in recruitment

5

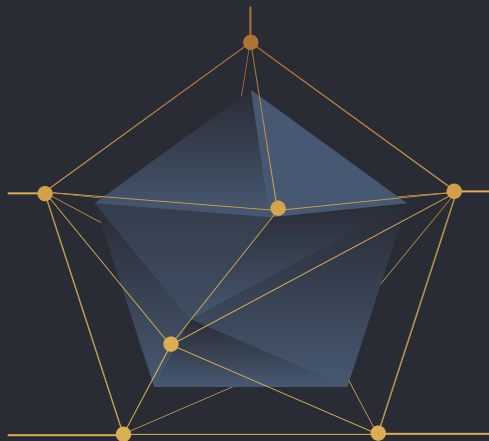

MARKETING STRATEGY

How do we appeal to a wider audience in a global aspect?

MARKETING STRATEGY

#FilterMe

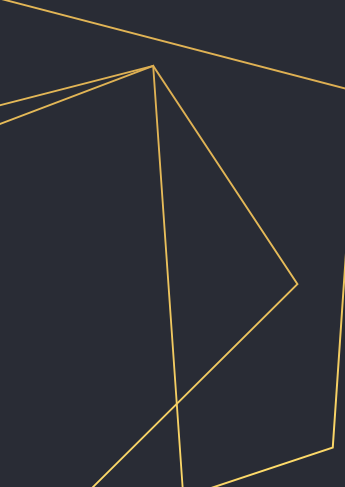

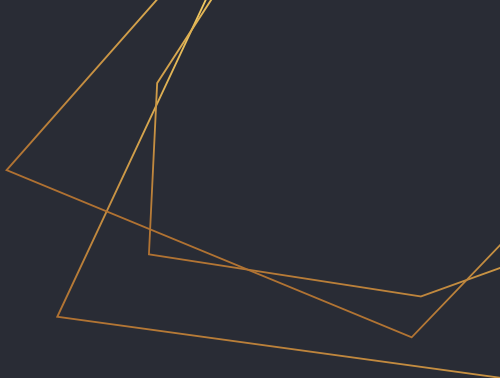

- AI filter app for interviews
- Experiences of people that have skills but are “filtered”, or discriminated due to their gender

aiMPACT Country Project

- Target countries facing extreme gender bias issues (Ex. India, UAE)
- Implement FilteredMeet for select companies within these countries

Start Big, Think Small

6

REFLECTION

What have we solved?
What haven't we solved?

NOW

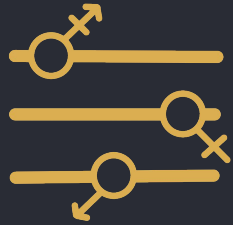

education and raising awareness

eliminate potential gender
discrimination in interviews

FUTURE

Expand from workplace → society
to eliminate gender bias

Thank You!
